PRESCHOOL@HOME

# DEVELOPMENTAL GOAL

- Lesson Objective: Uses number concepts and operations
- What are we trying to accomplish?
  - Explore and count the objects in the sand
  - Increase a child's vocabulary and comprehension

# MATERIALS

PRESCHOOL@HOME

- Here is what you need:
  - Sensory table or bin
  - Sand
  - Sifters, rakes, slotted spoons, strainer
  - Collection of small objects that are not choking hazards
    - Large shells, plastic animals, interesting rocks, feathers, pinecones, toy vehicles

PRESCHOOL@HOME

# METHOD

- Here is what to do:
  - Fill a sensory table or bin with sand or a similar material appropriate for the children in your care
  - Provide items for the children to use for digging and sifting
  - Invite the children to explore the digging materials

PRESCHOOL@HOME

# MOTIVATIONS AND INTERACTIONS

- Here are some tips to keep in mind when motivating and interacting with your child in this exercise.
  - Hold or sit with the child near the bin.
  - Demonstrate for the child
  - As the child digs in the sand and discovers objects count the number of objects found
  - Invite the child to touch and explore each item they find
